REQUEST FOR REGISTRATION IN MEC E 910

Mec E 910 is the 3 credit capstone project, which you register for AFTER your coursework is complete. This project must be completed in the term you register. The MEng project report must be approved by two readers, one of whom is the project supervisor. Please allow your supervisor and reader at least 4 weeks to review your project and provide feedback.

Before we approve registration in Mec E 910, please record all courses you have completed in the following table. Refer to the Graduate Program Manual to confirm you have completed all program requirements including Ethics and Professional Development Requirement (if applicable).

After you have obtained your supervisor’s signature, return to Serena Pike, Graduate MEng Assistant before the add/drop deadline.

NAME:______________________________________________________
